WFIS-AMERICAS

Present.

I hereby present the proposal for work to be carried out in the exercise of the position of Treasurer of WFIS-Americas during the period 2024-2026.

WFIS-Americas does not have as its main objective to generate and accumulate funds, however the adequate development of the Scout program, the activities of the member Associations and the Organization's projects require basic means of financing; To facilitate this aspect I propose:

- ✓ Maintain fluid communication between the member Associations and the WFIS-Americas treasury, in order to facilitate administrative procedures, respecting the particular circumstances in each case.
- ✓ Promote the exchange of experiences between the administrative bodies of the different Associations, seeking to share successful actions or systems that facilitate the development of the Scout program.
- ✓ Keep the Organization's accounting records up to date and make the information available in a transparent and agile manner to the members of WFIS-Americas.

Hoping to do a good job, I bid you farewell.

Sincerely.

I.M. Leopoldo Alarcón
